

BIG GRAPE CRUSER BY HAND

Art. PG - PGI

CONGRATULATIONS

You have chosen the best by buying this machine. It is very robust in all detail and reliable over time. For the best use of this machine, we recommend to carefully follow the instructions below:

TECHNICAL DATA:

USE

Dimensions LxW

Weight

PG and PGI

Manual with flywheel

950x600mm

26 Kg.

Descriptions and illustrations are not binding and the Grifo Macchine Enologiche reserves the right to amend technical data without prior notice.

ADVICE ON USE

After starting to turn, the flywheel put into the hopper the grapes that passing by the rollers will be pressed; now they are ready to be picked up in containers for fermentation.

MAINTENANCE

After each pressing, clean the hopper.

Lubricate every tree of the rollers through the holes located on each support.

GOOD WORK!

100%
